The policy below is formulated on the assumption that parents will have no objection to their child being photographed or video recorded by another parent of their child's class. If any parent has expressed their wish not to have their child recorded or photographed, we regret that we will be unable to allow any photography or video recording of the whole event.

Class assemblies, presentations and performances

- A photocall will be held either before or after the event, when parents will have the opportunity to take still photographs of their child/ren.
- For the duration of the event, any parent wishing to make a video recording will be placed in a specific area at the back of the venue. Video recording from the seating area will not be permitted.
- No flash photography will be allowed during the event.
- No uploading of filming on Social Networking websites, You Tube or similar.

Demonstration Sederim and other religious occasions

- A photocall will be held either before or after the event. No video recording will take place.
- No uploading of filming on social networking websites, YouTube or similar.

Sports Day and outdoor activities

Parents may take non-flash photography during these events. Video recording may take place from a specifically-designated area.
No uploading of filming on Social Networking websites, You Tube or similar.

Chagigat HaSiddur, Chagigat HaChumash and Year 6 Leavers' Presentations

- A photocall will be held either before or after the event.
- No uploading of filming on Social Networking websites, You Tube or similar.
- A professional video company will be employed to take a video recording, which will then be copied and sold at a nominal charge. The operative will have been CRB checked and copyright of the event will remain the property of the School.

All photographs and video recordings taken by parents are for personal and family viewing only and may not be copied to a third party without the permission of the school.
